

PhysioNet 

Helping people with disabilities overseas

SUPPORT TEAM PHYSIONET

YORK ROTARY DRAGON BOAT CHALLENGE 2026

 Sunday 12 July 2026 |  10:00am – 4:00pm |  River Ouse, York

PhysioNet has secured a boat and assembled a fantastic team – **now we need your support.**

Come along to the banks of the River Ouse for a fun-filled day of racing, entertainment and community spirit as teams battle it out in one of York's most popular fundraising events.

Whether you can make a donation, support our crew from the riverside, or simply help spread the word, **every contribution makes a real difference.**

All funds raised will help PhysioNet continue its **life-changing work** recycling unwanted disability equipment from across the UK and providing it free of charge to people with disabilities, hospitals and healthcare facilities in some of the world's poorest communities.

Last year alone, thousands of items of equipment were rescued from landfill and given a new life overseas – **restoring dignity, independence and hope** to countless people.
